

TEAM Technologies Quality Policy

TEAM Technologies delivers superior healthcare solutions that protect, improve and save lives while supporting our mission of **Helping Those Who Help Others**.

Our **ONE TEAM** philosophy means that we collaborate openly with our customers and TEAM members to provide the highest quality products and services.

We are committed to complying with regulatory requirements, while continuously improving our processes to maintain an effective Quality Management System.

Quality Policy Components

1. Understand and exceed customer expectations
2. Communicate openly with our customers and TEAM members
3. Meet applicable regulatory requirements
4. Establish a strategic and systematic process for reviewing quality objectives
5. Continuously evaluate and improve our Quality Management System (QMS)

ONE TEAM. MANY TECHNOLOGIES.
